**Subject:** tomorrow's meeting

Dan, Deane is unwilling to meet without Zach and Kelly unwilling to meet with Zach without his attorney. Deane could agree to the following for tomorrow's meeting:

1. Deane, Kelly, and Dan meet to discuss how to get the relationship building on-track and design of the next full-team meeting with technical and legal involvement.
2. EPA-Kalispel only meeting time to discuss Helen's analysis, HQ findings, etc.

I would still need to check with Kelly to see if he would agree to #1.

Is that worth salvaging for tomorrow or do you think we should just reschedule. Jim Keating is in-flight for Seattle now.
